

For our office in SAGAR, Karnataka, India, we are looking for:

Senior BI Developer/BI Lead (m/w/d)

Your tasks with us:

- Applies advanced knowledge, concepts and technical capabilities to manage to design and implement robust, highly scalable "data pipelines" from data source to data integration to operationalization and use in analytical models
- Responsible for writing complex SQL queries and creating reports in Power BI
- Develop, test, implement and troubleshoot ETL mappings and workflows as well as to create ETL design documentation and maintain overall design documents and deliverables
- Identify the needs and problems of our customers, develop suitable solutions and implement them in the BI environment
- Gather requirements, create technical documentation, maintain overall design documents, provide work estimates and match deliverables on time
- Work with Project managers and technical heads to ensure Business acceptance and drive Business Intelligence initiatives throughout the company
- Work on multi-projects at one time and ensure an effective result-driven project management

Your Profile:

- gained at least 5 – 7 years of relevant work experience in programming and database systems
- obtained a well understanding of MS Business Intelligence languages (SSIS, SSAS), Power BI, SQL-Server and are experienced with new data modelling techniques
- Good knowledge in Designing and developing Datawarehouse
- Very good knowledge of English
- Openness, diligence, strong communication skills, ability to work in a team, must be comfortable interacting with internal and client-end users
- Independent and solution-oriented way of working

Location: Sagar (Perspicuum Solutions India Pvt Ltd) Shimoga, Karnataka, India

What we offer you:

At Perspicuum we combine the spirit of a dynamic start-up with many years of expertise in globally operating enterprises. We accompany you during onboarding and you grow step by step into your new tasks. Furthermore we offer you:

- Competitive compensation package and Bonus scheme
- Personnel career development plan
- Flexible working hours (remote and on-site)
- Job ticket (commuting costs will be reimbursed), Internet costs will be reimbursed
- To gain experience in an international work environment

Who we are:

We are a highly specialized consulting and service company that supports companies with great passion and commitment in their digital transformation as well as restructuring and change projects. Our name reflects our philosophy and way of working: the Latin word *perspicuum* means *clear, transparent, distinct*.

We develop customized state-of-the-art management reporting and control systems for our clients for holistic corporate management. Furthermore we are actively involved in change and transformation projects and actively accompany our clients on their way to modern process developments.

We are a team of young and experienced process/change managers and IT experts. We are based in Cologne, Germany and Sagar, Karnataka, India.

Our corporate culture is modern and internationally orientated. Our customers are mainly based in Germany and our tasks are varied and interesting, coupled with a high learning and fun factor.

Sounds exciting? Then apply and become a Perspicuum!

The best way to send us your application is via our application form on our homepage – www.perspicuum.net or send your resume directly to our official email address: career@perspicuum.net We are looking forward to meeting you!
